Map filed..... JUN 24 1985

The applicant..... Westley Explorations Inc.

348 E. Street....., of..... Hawthorne.....  
Street and No. or P.O. Box No. City or Town

Nevada 89415....., hereby make..... application for permission to appropriate the public  
State and Zip Code No.

waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.).....

..... October 13, 1980..... State of Nevada..... Incorp. No. 5832-80.....

1. The source of the proposed appropriation is..... underground.....  
Name of stream, lake, spring, underground or other source

2. The amount of water applied for is..... 1.0..... second-feet  
One second-foot equals 448.83 gals. per min.

(a) If stored in reservoir give number of acre-feet.....

3. The water to be used for..... Mining, Milling, and Domestic.....  
Irrigation, power, mining, manufacturing, domestic, or other use. Must limit to one use.

4. If use is for:

(a) Irrigation, state number of acres to be irrigated.....

(b) Stockwater, state number and kinds of animals to be watered.....

(c) Other use (describe fully under "No. 12. Remarks").....

(d) Power:

(1) Horsepower developed.....

(2) Point of return of water to stream.....

5. The water is to be diverted from its source at the following point..... within the NW 1/4 NE 1/4, Section 26.....  
Describe as being within a 40-acre subdivision of public

T. 9N., R. 34E., MDB&M, or at a point from which the SW corner of Section 35, T. 9N.,  
survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated.

R. 34E., bears S. 21° 21' 03" W. a distance of 10.056 Feet.....

6. Place of use..... portions of Sections 1, 2, 3, T. 8N., R. 34E., portions of Sections 3, 4, 5, 6,  
Describe by legal subdivision. If on unsurveyed land, it should be so stated.

7, 8, 17, 18, 19, and 20, T. 8N., R. 35E., portions of sections 14, 15, 16, 21, 22, 23, 24, 25, 26,.....

27, 34, 35, and 36, T. 9N., R. 34E., portions of sections 29, 30, 31, 32, 33, and 34,.....

T. 9N., R. 35E., MDB&M.....

7. Use will begin about..... January 1..... and end about..... December 31....., of each year.  
Month and Day Month and Day

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.)..... drilled well, pump and distributions  
State manner in which water is to be diverted, i.e. diversion structure, ditches and

system.....  
flumes, drilled well with pump and motor, etc.

9. Estimated cost of works..... \$20,000.....

10. Estimated time required to construct works two years

If well completed, describe works.

11. Estimated time required to complete the application of water to beneficial use five years

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.

ore processed will be 500 tons/day = 182,500 tons/year

water consumption will be 24 hours/day 365 days/year

200 gpm water requirement with 50% recirculation

yearly consumption = 52.6 MG

APPROVAL  
OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins, or before the Proof of Completion of Work is filed. This source is located within an area designated by the State Engineer, pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

(CONTINUED ON Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and

not to exceed 1.0 cubic feet per second, but not to exceed 52.6 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before January 28, 1988

Proof of completion of work shall be filed on or before February 28, 1988

Application of water to beneficial use shall be made on or before January 28, 1990

Proof of the application of water to beneficial use shall be filed on or before February 28, 1990

Map in support of proof of beneficial use shall be filed on or before

Completion of work filed IN TESTIMONY WHEREOF, I, PETER G. MORROS

State Engineer of Nevada, have hereunto set my hand and the seal of

Proof of beneficial use filed

my office, this 28th day of January

 CANCELLED

OF APPLICANT TO COMPLY WITH THE PROVISIONS OF PERMIT

**STATE ENGINEER**

State Engineer

## (PERMIT TERMS CONTINUED)

This permit is issued under the preferred use provisions of NRS Chapter 534. The manner of use of water under this permit is by nature of its activity a temporary use and any application to change the manner of use granted under this permit will be subject to additional determination and evaluation with respect to the permanent effects on existing rights and the resource within the ground water basin.
